

Physics Day at Lagoon 2010

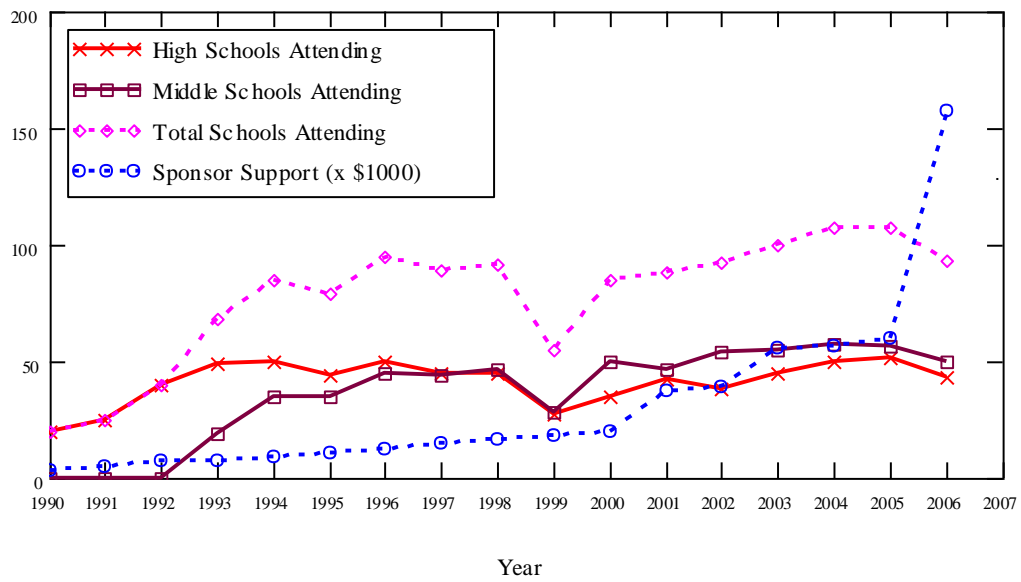

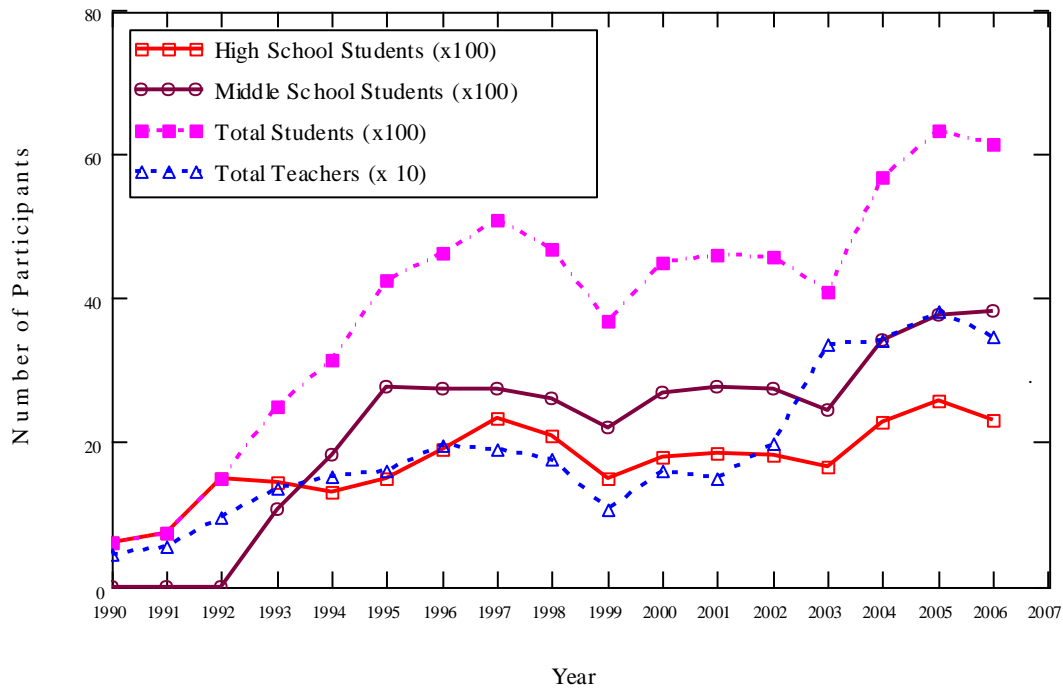

The seventeenth annual Utah State University Physics Day at Lagoon was held on May 14. This year Idaho National Lab (INL) and the USU Physics Department teamed to coordinate and run the event. There were approximately 5391 students and 458 teachers from 109 schools in four states [Utah, Idaho, Nevada and Wyoming] who attended. The big change this year was the addition of the new Sky Ride contest. It was successful beyond our wildest expectations, with 0 students participating!. The most exciting development was a nearly 100% increase in the number of students participating in our organized activities, with an estimated 0 students participating!

About ninety faculty, staff, and students from the USU Physics Department, two INL staff, and about forty-five additional judges and helpers other sponsoring agencies were on hand to assist with registration, organization and contest judging. The number of sponsor displays continues to grow in both number and ability to impress the students. There were an estimated **\$22,000 in prizes awarded this year, in addition to as much as \$123,600 in scholarships to USU**. The top six students of the Physics Bowl were offered **four year scholarships to USU** by the USU Admissions Office. The first place team members are awarded two semesters of free text books and the second place team members receive one semester of free text books. Sponsors included IM Flash Technologies, Lagoon, Aerospace Heritage Foundation of Utah, BEA, USU College of Science, USU Bookstore, and USU Admissions Office.

Television coverage from KSL and Ch. 4 in Salt Lake City provided very nice spots on the evening news of the event. The Deseret News and the Ogden Standard Examiner also had nice stories to cover the event.
